I talked with Jeryl and we would not characterize it that way. In response to a question from Dietrick, Jeryl stated that we are continuing to work on a deferral path, not inconsistent with Dave Emme's NPL listing formal comment letter. Jeryl did not review any specific "outcomes" from the meeting or indicate any decisions were made with respect to postponing listing. They did not mention anything about sending a letter. We did receive the attached letter previously and are waiting to respond. I am not sure why they would send an additional letter now. No decisions have been made or communicated.

We understand from Dante that Jeryl mentioned our ARC meeting outcomes to tribe (Chairman Thom, Ginny, and Dietrick) on Tuesday night after talking to you. Tribe planning a letter soon. Do you know anything about that?
